Hello again dear SLOAC co-chairs,

The checkbox trick seems to be working. I attached a file. Logan could you double-check that you can click on some of the checkboxes in Word, then copy from Word and successfully paste that in an eLumen text entry box?

☒ Number of CSLOs should be between 3 and 5.

☒ Scope of each CSLO: an overarching skill as opposed to a specific objective.

☐ Can CSLOs be meaningfully and practically assessed?

☐ Did you use Bloom's taxonomy to judge the level of each CSLO and get inspiration for the CSLO's wording?
