Attention *Discipline* '23 Faculty:

If you are teaching one or more courses this semester, this is a reminder that your learning outcomes assessments for **ALL** courses must be submitted in eLumen on or before **January 2.**

The data collected in this assessment cycle may be used to make course improvements as well as facilitate department discussions on educational effectiveness in Fall of 2024 with the next round of data collection in the Fall 2025 (and so on). This convenient biennial plan has been implemented as part of the recent ISER Improvement Plan (https://accreditation.marin.edu/).

Do you need a refresher on how to report your learning outcome assessments in eLumen? SLOAC is here to help! Our faculty team will be offering 3 workshops in December to guide you through the process:

- Workshop 1: MON, DEC 4 @12:40 – 1:30 PM (College Hour) in KTD AC 114
- Workshop 2: WED, DEC 6 @ 12:40 – 1:30 PM (College Hour) in KTD AC 114
- Workshop 3: FRI, DEC 8 @ 12:00 – 1:00 PM on ZOOM (link V https://marin-edu.zoom.us/j/81910085995:)

If you miss the workshops, here's a 4 minute video and/or 1-page handout that show everything you need to know to use eLUMEN to assess SLOs: How to Score an Assessment

You can always email me or the faculty eLUMEN Data Steward Logan Wood (rwood@marin.edu) with any questions you have and we are happy to help.

Goals for Semester
- develop communication /marketing tools for assessment
- map all degrees and certificates
- Using AI for Outcomes
