SLOAC's Year-Long Goals for SLO Assessment:

Improve communication with departments for PSLO data

Good resources: <https://skylinecollege.edu/programreview/cpr/assets/documents/Instructional%20CPR%20Template.pdf>

- Badging – so that students can have student-facing info (outcomes). Explore ISLO connection, CTE
- eLUMEN as a tool, not a repository to assess our own performance; statistically valid; aggregated data (some courses). Move away from changing curriculum because I “feel” it is right and more using SLO data. Move from demo of dashboard tool to useful tool that faculty take ownership of and use (model projects).
- Interdisciplinary projects – how can ISLO and PSLO and aggregated course-level data be used across disciplines (data we have – how is it useful?) use Library as an example

Letter to departments:

Dear _____,

Hope you are well!

A few quick updates on SLO assessment for Spring 2022.

We had a total of over 343 courses assess their SLOs across the College in fall 2022. Thank you to your area for participating in assessment this fall!

Assessments completed in your area in fall 2022: [Fill in based on numbers below or look on your planner if there are multiple department in your discipline.]

Reports: Please let SLOAC know if your department would like a report on aggregated assessment results for your degree or courses where multiple sections were assessed, and/or disaggregated results for programs and degrees. We'd be happy to provide this.

Spring Assessments: Here's your current assessment plan [Go to the assessment plan on SLO site, find Share button in corner right, and create an editable link to copy/paste into your email]. Assessments scheduled for spring 2022: [Fill in based on yellows on assessment plan for spring, or link or summarize if there are a lot]

If there's any other additional classes to assess and changes you'd like to see, just let me know by February 24.

Thanks!! Please feel free to reach out to me if you have any questions/concerns!
