30 min ISER Updates	<ul style="list-style-type: none"> • need for more support from Admin • moving forward, need to show how impactful the data can be • we have tried many ways to show importance of data, need for more of a unified approach • SLOAC needs support from Admin, Senate and Union • some not all departments need more continuous assessments of outcomes to be effective - Farhad mentioned a student that received a C but got one SLO correct. We could review how SLO's could help us identify areas for improvement. • we are running up against working together for getting disaggregated data for degrees • need to work more collaboratively on assessment as faculty • we need to offer more training for those that do not understand • should courses be allowed to continue to be offered if they have not been assessed in years? • SLOAC took heat on BOT meeting but this is a collaborative • GRIT - some reports show program not assessing, SLOAC needs to pull in these programs to help them 	Information/ Discussion
30 min Reports Discussion <ul style="list-style-type: none"> • dashboard • procedures for report distribution • strategies for discussing reports with divisions 	At Flex session we should showcase reports Needs size of 100 or more students for disaggregated reports curriculum map will be the focus - create timeline for getting this done this semester	Discussion
