5 min	Member Updates	Logan gave review on eLumen Insights	Information

| 60 min | Discussion of Action Items:
• review new materials for CSLO webpage
• look at completed PSLO and ISLO pages of website
• report back on mapping
• review PR material from Alex/Erik
• review roll out from Logan/Farhad | **CSLO Webpage**
Farhad updated the CSLO webpage. He will send to Logan to update our website.

Logan updated the **PSLO and ISLO** sections of the website with changes SLOAC had made. The term college-wide still needs to be updated with Institutional.

Mapping updates
Sara will complete the AA in Public
Logan will reach out to English dept regarding the AA in HUM which has 1 PSLO that has no SLOs mapped to it.
Degrees/certs that will be revised in the fall are not high priority for mapping if there are multiple courses that are unmapped, like the Polo Sci degree. Ideally we do want to map as many degrees/certs as possible because we will not have data for depts if they are unmapped.

PR template/Analysis Guide
Alex and Erik made changes to our PR SLO section. Forms will be sent to SLOAC for review and could be uploaded to the PR template when the new template is completed. The check list is easy and provides SLOAC info from depth on where they need support.

Questions should link to what PR, PRAC and GRIT are looking for so depts are getting right at the important info.

Rollout
communication to chairs this semester about new form and what to expect for the fall

during FLEX send out link to dashboard with simple instructions for how to use it and data coaching zoom dates.

forms are due by the end of the semester

what happens if depts don't do it? we need to figure out this part more clearly | Information/
